Virtual College Week.

New this year!!!!

After Virtual College Week you will receive a follow-up email from virtualcollegenight.org with information about applying for **three \$1,000.00** scholarships being awarded by the **Florida Association of Educational Data Systems!**

Tulani Honablew, Eds
Tallahassee Community College
High School Dual Enrollment Advisor

What is Dual Enrollment?

Dual enrollment is the enrollment of an eligible secondary student or home education student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree.

Benefits of Enrollment

- Positive students outcomes (Karp et. al., 2007), in the form of increased:
 - High School Graduation Rates
 - College Enrollment
 - College Persistence
 - College Grades

Benefits of Enrollment continued.....

- Reduces the time to complete a postsecondary degree
- Provides opportunity to experience college environment and courses
- Improves understanding of what is required to succeed in college
- Improves access to diverse and rigorous academic courses
- Provides advanced coursework not offered at high school

What are some things we should be aware of?

- Student must have unweighted high school gpa of 3.0
- Students must qualify based on assessment exams such as PERT, ACT, SAT
- Courses are recorded on the student's permanent official college academic record

Course availability to dual enrolled students

Students may participate in postsecondary coursework creditable toward high school completion and a **career certificate** or an **associate** or **baccalaureate** degree.

For example: ENC1101 College Composition

Dual Enrollment & the High School GPA

Dual enrollment courses will receive the same weighting for the high school grade point average as Advanced Placement (AP), International Baccalaureate (IB), and Advanced International Certificate of Education (AICE) courses. In addition, dual enrollment courses that meet core, state university admission requirements in English/Language Arts, Mathematics, Natural Sciences, Social Sciences, or World Languages shall receive the same weighting as AP, IB, and AICE courses in the calculation of the high school grade point average used for admission decisions.

Coursework NOT allowable through Dual Enrollment

College-preparatory instruction and other forms of pre-collegiate instruction and physical education courses that focus on the physical execution of a skill rather than the intellectual attributes of the activity are ineligible for inclusion in the dual enrollment program.

Will coursework transfer?

Florida dual enrollment college credit will transfer to any Florida public college or university offering the Statewide Course Numbering System course number, and must be treated as though taken at the receiving institution. However, if students do not attend the same college or university where they earned the dual enrollment credit the application of transfer credit to general education, prerequisite, and degree programs may vary at the receiving institution. Private and out-of-state colleges and universities may or may not grant college credit for courses taken through dual enrollment.

Florida leads the way with Dual Enrollment

- 52% of dual enrolled students enrolled in community college dual enrollment, compared to 47% national average
- 64% of former dual enrolled students earned higher education credentials, compared to 46% national average

Questions.....

Don't forget to follow @FLShines on Facebook, Twitter, and Instagram to learn who the SWAG BAG winners are!

Scholarship Reminder!

After Virtual College Week you will receive a follow-up email from virtualcollegenight.org with information about applying for **three \$1,000.00** scholarships being awarded by the **Florida Association of Educational Data Systems!**
