What is Dual Enrollment?

Dual enrollment allows high school students an opportunity to enroll in postsecondary courses and receive both high school and postsecondary credit.

<http://www.fldoe.org/schools/higher-ed/fl-college-system/academic-student-affairs/dual-enrollment.shtml>

Dual Enrollment Is Dual Credit

Why Dual Enroll?

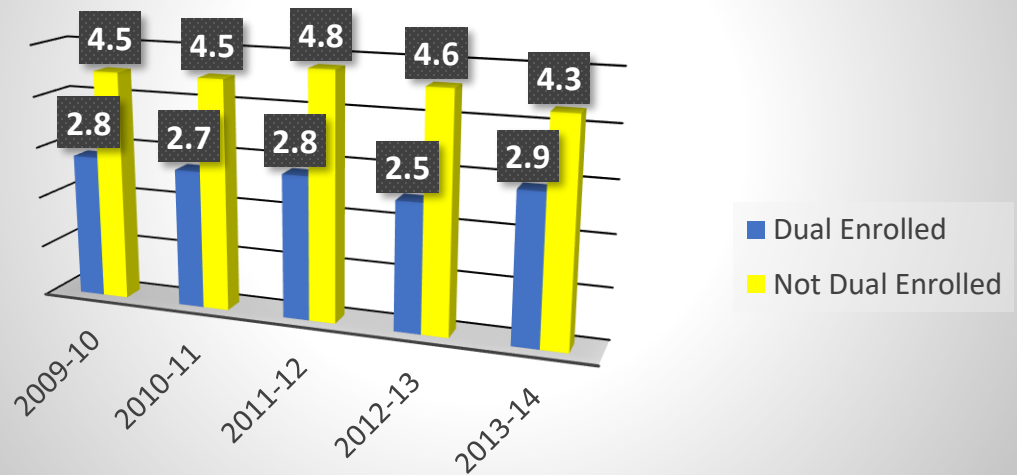

- Provides high school students the opportunity to earn college credits.

Accelerating College Completion

- DE students' time to degree is nearly half of that compared to students who enter without dual enrollment credit.

Students at Florida College System institutions complete faster when earning dual enrollment credits

Advanced Placement vs Dual Enrollment

- Advanced placement is not the same thing as receiving credit, which means you actually earn points toward your college degree. Colleges may offer both credit and placement, just credit, or just placement for successful AP scores.
