

Saving Resources and Searches as Favorites in The Orange Grove

Florida’s education faculty, administrators, and staff members with an account in The Orange Grove can save resources (individual items within the repository) and search queries for future use through the “Favorites” feature. You must be logged in to your account to access this feature.

Adding a Resource to Favorites

To add a resource to Favorites when searching or browsing:

1. Start your search by entering words in the search box – or by selecting a collection to browse from the left side of the screen.
2. In the results list, click **Add to Favorites** below the item description. (Note: If the item is already saved to your Favorites list, you will see “Remove from Favorites.”)

3. Add tags (optional) and select your preferred version status.
 - Enter one or more tags, separated by commas. Tags can be used as keywords when you filter resources in the Favorites list.
 - Select your update preference: Choose **Always use latest version** to view the most recent version. Choose **This version** to maintain the current version – updates will not be shown.

4. Click **Add** to add the resource to your Favorites list.

To add a resource to Favorites from the resource's summary page:

1. In the results list, click the title of a resource to view its summary page.
2. In the upper right corner, click **Add to Favorites**.

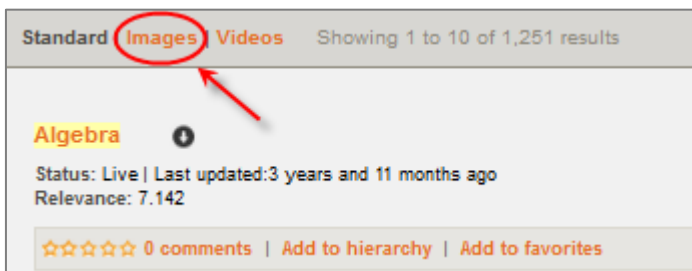

3. Add tags (optional) and select your preferred version status.
 - Enter one or more tags, separated by commas. Tags can be used as keywords when you filter resources in the Favorites list.
 - Select your update preference: Choose **Always use latest version** to view most recent version. Choose **This version** to maintain the current version – updates will not be shown.

Adding an Image to Favorites

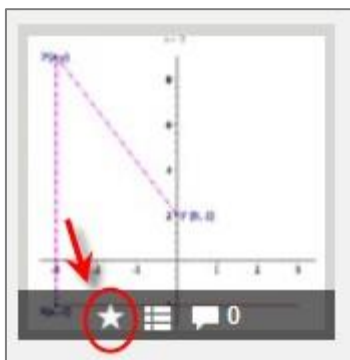

If any of the resources in the search results include an image file, the image will be displayed automatically on the image panel. If the resource has more than one image file attached, only the first will be displayed. The search results may display pictures that are not contained in image files, such as images in PDF files. These images will not be displayed on the image panel.

To add a resource to Favorites from the image panel:

1. In the results list, click **Images**.

2. In the image panel, place your cursor over the image you want to save. This will display a set of icons below the image. Click the star icon  to save the image to Favorites.

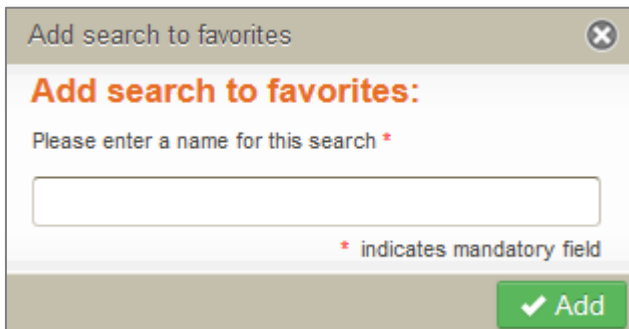

Adding a Search to Favorites
